

## Our aims

This leaflet is a summary of the aims of our school travel plan which sets out to;

- Improve childrens' journey to school on safer routes in the locality.
- Reduce car use and congestion in our car park by encouraging car sharing.

## The School Travel Plan

The School Travel plan is a document which explains all the transport and journey needs of a school and details how provision can be made to promote and encourage sustainable travel to the school site.

## @ Hewish

Children can be dropped off in the morning from 8.30am and go straight to class. This spreads the demand for car park spaces across 15 minutes.

## Car drivers

At Hewish we have a small car park, so we ask all car park users to park considerately and within any designated parking bay, in order to maximise the number of cars we can accommodate.

## We ask that cars are not parked in the turning bay.

We have a car park attendant, who is there to ensure the safety of car park users and also to guide drivers to "hidden" car park spaces.

## Interested in car sharing?

Be brave! Ask another parent, you might be surprised by the response.

## Minibus to the Full Quart

At the end of school, there are two minibus runs for up to 32 children on a daily basis. The minibus leaves school just after 3.15pm and drops off at The Full Quart pub car park. Places are allocated annually on a first come first served format. Parents are expected to collect their child from the minibus and use the Full Quart pub car park considerately.

**Please remember that due to their height it is much harder for children to cross near or between parked cars than for adults. They simply cannot see on-coming traffic and other drivers cannot see your children!**

**Travelling to  
St Anne's Church  
Academy @Hewish**

We would like to encourage all our families to travel safely to and from school. In addition we aim to:

- improve children's health and vitality on their journey to and from school;
- raise awareness of the local community and our local environment.
- Promote car sharing.

We have achieved our Bronze and Silver Modeshift National School Travel Awards.

Weston-super-Mare, BS24 6RT**

### **Consider car sharing**

**What are the benefits to you?**

- Reduce the amount of time spent taking children to and from school
- Avoid the early morning traffic
- Reduce the cost of taking children to school
- Meet other families living locally with children at the same school
- Reduce pollution

**What are the benefits to your child?**

- Meet other children living locally who attend the same school
- Discover how easy it is to be socially and environmentally responsible

**What are the benefits of to the school?**

- Reduced congestion in the car park
- Reduced pollution around the school

**Please drive slowly in our car park**

- Speed is one of the biggest contributory factors in fatal road accidents.
- "A pedestrian struck by a car driven at 20 mph has a 95% chance of survival. This reduces to 80% if driven at 30 mph and 10% at 40 mph" DRIVE SAFELY.
- "7 out of ten mothers admit to regularly breaking the speed limit, while half admit to using a mobile phone when driving with their children in the car." Please be mindful of this
