

Sports Day 2020

Reported by Tom

Like so many sporting events in our country and across the world, St. Anne's Sports Day was cancelled but we at St. Anne's love being active and therefore produced our own virtual sports day.

Everyone in the school could join in; the Little learners Nursey held their own as well. We had activities to follow or we could make up our own – we could be as creative as we liked!

There were traditional races such as egg and spoon, sack, and even parents joining in but also new races like assault courses and many others.

PE lead, Miss Bradley said, "I'm overwhelmed by the response we received."

I think Joe Wickes PE has got us all fitter as the competition was high! Medals and certificates were awarded to all who participated and although a different sports day for 2020, it was still fun and the sun was shining.
